

Term	Description
Student	A learner, or who attends an educational institution.
Statistics	The study of the collection, analysis, interpretation, presentation, and organization of data.
Information	That which informs, i.e. an answer to a question, as well as that from which knowledge and data can be derived.
Note	The easiest way to recording information captured from another source. By taking notes, the writer records the essence of the information, freeing their mind from having to recall everything.
Deadline	Cutoff date when the task must be solved.
Mark	The result of the evaluation process, qualitative or quantitative evaluation of achievements of students in numbers, letters or otherwise.
Absence	Not finding anyone at this point, or at a given time
